Testimonials

“Thanks for wonderful services. We appreciate for your efforts and going extra mile to deliver best designs and methods to enable us to manage our properties online. I would have no difficulty in recommending Smart Business FZE® to anyone wishing to develop a web site. “

Mark Willington, *Managing Direct*,
Chestertons Property Management
<http://www.chestertonsuae.com>

We were naturally apprehensive about entrusting our website to an agency in the knowledge that, because they are based in United Arab Emirates and we are in UK, all our contacts would have to be by email and phone but this has not been a problem at all. Their response to any issue or query has been second to none. We have been greatly appreciated the structured approach to carrying out work and the subsequent support. There is no substitute for knowing exactly where you stand in business and Smart Business FZE® have always been able to give us a framework that provides just that.

Our tenants are very happy with the solutions provided to them and they have also talked to others and recommended our new web site as an efficient "gifting stop" to their friends.
